Workshop Orientation

Orientation: Welcome

Session Overview

Welcome to the TEACH Workshop!

Some of you may have experience with online learning, either as a student or an instructor. For others, this may be a whole new and exciting adventure! No matter which category you may fall in, the TEACH workshop will be an exciting, rewarding, and very worthwhile experience for all involved.

This orientation session will provide an overview of the TEACH workshop and outline the information you need to know to be successful in the workshop and gain the greatest return on investment from your time and effort.

Session Objectives

After completing this session, you will be able to:

- Explain the benefits associated with participation in the TEACH workshop.
- Identify the requirements associated with participation in the TEACH workshop.
- List the navigation features found in the TEACH workshop.
- State your current perspective about online learning.
